Meeting with Deutsche Telekom of Thursday 23 April 2015

TRADE: [Art. 4.1(b)]

DT: [Art. 4.1(b)]

- TRADE provided update on state-of-play negotiations on telecommunications in TISA and TTIP
- DT emphasised importance of ensuring compliance with EU data protection laws by US and EU companies. They are in principle opposed to a provision on free data flows, but indicated that they are "sufficiently realistic" to understand that the key issue is to have good exceptions to a provision on data flows

[Art. 4.2]

[Out of scope]

- DT will push for ETNO position paper on the telecommunications FTA template and in particular on the issue of scope.
