Food and feed safety, innovation
Pesticides and biocides

Brussels,
SANTE/E4/KK/np

Dear Mr Harmsen,

Subject: Your applications for access to documents – Ref GestDem No 2016/1035 and No 2016/1036

We refer to your e-mails dated 02 March 2016 in which you made the requests for access to documents registered on 03 March 2016 under the reference numbers GestDem No 2016/1035 and No 2016/1036.

Your request involves a high number of documents which need to be assessed individually. Therefore, we will not be in a position to complete processing your request within the extended time limit.

Regulation (EC) No 1049/2001 provides for a possibility to confer with applicants in order to find a fair solution when an application concerns a very large number of documents. In fact, Article 6(3) provides that “in the event of an application relating to a very long document or to very large number of documents, the institution concerned may confer with the applicant informally, with a view to finding a fair solution”.

On the basis of this provision, we propose to extend the deadline by 20 working days. The new deadline would be May 17, 2016. If you accept this proposal, we will send you the documents which have been cleared for release or a reasoned reply explaining why some documents cannot be disclosed.

If you have any questions concerning this proposal, please contact us at the following e-mail address: sante-consult-e4@ec.europa.eu.

Thank you in advance for your understanding.

Yours faithfully,

Michael Flüh
Head of Unit

Mr Vincent Harmsen
