

## ANNEX V

### Minutes of the final meeting of Impact Assessment Steering Group on animal cloning 6 June 2013

DG's Present: [REDACTED] (RTD), [REDACTED], [REDACTED] (AGRI), [REDACTED] (SJ), (TRADE), [REDACTED], [REDACTED] (SG), [REDACTED] (ENTR), [REDACTED] (TRADE) [REDACTED] (EFSA)

DG Sanco : [REDACTED], [REDACTED], [REDACTED], [REDACTED], [REDACTED] and [REDACTED] (SANCO).

Absents: ENV, JUST, JRC.

1. **DG SANCO** explained the new streamlined presentation of the text based on comments received from all DGs on the previous version. The text has been shortened, clarifies the options and includes in a more systematic manner both the stakeholder's positions and the analysis of the consultant's study.

2. Main comments from DGs:

All DGs gave a positive feedback on clarity and readability of text [REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

**EFSA:** agreed with the text, but underlined that the scientific review on the cloning technique could only be done at certain intervals as based on published data.

3. Based on the comments received a new text has been circulated on 12. June for final agreement. The Services, have agreed to the final text of the impact assessment report based on positions expressed during the last IASG meeting and summarised in point 2. above.
