Invitation to the Special-Conference of the Agricultural Ministers on July 15th 2016

Dear Commissioner Hogan,

Agriculture is currently facing a lot of challenges on national and international level. Especially the very long lasting crisis in the dairy sector is in the focus of agricultural policy actions, especially when facing the oncoming financial ruin of many dairy farmers. Regarding this issue the ministers and senators for agriculture are in common that besides national measures only a unified and coordinated European approach can have the needed sustainable stabilizing effects.

For this reason, the members of the Conference of Ministers of Agriculture agreed with me unanimously to get into a direct exchange with you in a special conference in Brussels.

From previous discussions with your staff we could determine a small available timeframe in your schedule, wherefore the July 15th, 2016 was adopted by mutual agreement as a suitable date.

In view of the actual conditions it is my honor to invite you hereby to the

Special Agriculture Ministers Conference on July 15th 2016
at the Center of Regions, Boulevard St. Michel 80, 1040 Etterbeek / Brussels from 1 pm to 4:30 pm.

In anticipation of a fruitful discussion and

kind regards

Yours
