

Gérard Mestrallet

Chairman and Chief Executive Officer

Mr Maros Sefcovic
Vice-President in charge of Energy
Union
European Commission
Rue de la Loi, 200
B-1049 Brussels

Paris, 7 October 2015

Dear Vice-President,

Dear Mr Sefcovic

On the eve of the 21st Conference of the Parties in Paris, let me reiterate ENGIE's strong engagement in favor of an ambitious, global climate agreement with the aim of keeping global warming below 2°C. As an energy company, ENGIE is fully committed to taking up the responsibility and actively contribute to these global efforts with the ambition of being the leader of the energy transition in Europe.

As Moderator of the COP 21 Business dialogue and leader of the Magritte Initiative¹, I would be very honoured to invite you to participate to a high level event I am organising during the Paris Climate negotiations. The aim of this event is to keep the momentum and show – together with the other CEOs of the Magritte Group – the full support of utilities to a meaningful carbon price at EU and global levels.

I am confident that the debate would draw meaningful value from your introductory remarks on the EU's contribution to the new agreement and the current ETS review. The event would take place either on 30th November from 17:00 to 19:00 or on 8th December from 08:00 to 10:00, should you have any preference between those two dates please indicate it to [REDACTED] by October 20, 2015. French Ministers Laurent Fabius and Ségolène Royal have also been invited to participate to the debate.

Looking forward to continuing our fruitful dialogue on this occasion

Kind Regards

Yours sincerely,

Gérard Mestrallet

PS : For any question related to the organisation of this event, please do not hesitate to contact [REDACTED]
