Short minutes of the meeting with Dow AgroSciences

Present:  
; Dermot Ryan (CAB-HOGAN),

Date: 12 July 2016, 11.00am –12.00noon.

The meeting was organized following a request from Dow AgroSciences.

The visitors explained the importance of the company in the chemical sector worldwide.

The visitors expressed their discontent with EU's GMO authorization procedure and claimed delays. They hoped to receive very soon authorization for several GMOs of the 'Enlist' technology. The visitors also explained recent developments in crop protection ('Inatreq') and the nitification inhibitor 'N-Lock'; both systems shall gain importance in the EU.

It was recommended that the visitors should meet other DG's cabinets as well as Member State ministries.
