Dear ,

Thanks for this.

I append the responses to the public consultation on the EIC.

The way forward on EIC is still in discussion, within the Commission, and with Council.

But two aspects are currently in the forefront of discussion:

- The need for innovation policy (European, national) to support disruptive innovation,
- The need to find a way for European innovation policy to improve, in order that more SME's scale-up to successful midcaps (we compare well with the US on the SME "birth rate" in the European single market, but compare badly when we look at the growth towards successful corporations).

Can you please confirm that Nils Andersen will be attending – I had thought I saw a news clip that in July he was replaced as CEO of Moller-Maersk?

Kind regards,

Dear ,

I have been looking for a general presentation of the EIC but haven't found anything really useful on the internet.

Would you have any EC document/ppt that we could use with our CEOs ?

There are a few changes in our delegation list. See in yellow here below.

Enjoy your weekend.

Kind regards,

[REDACTED]

Dear [REDACTED],

Thanks for the email. We did in fact have a meeting with Keith Sequeira in the Cabinet and agreed a scope for the meeting, essentially around innovation.

But if you would like to discuss please feel free to call me.

Best regards

Subject: Commissioner Moedas meets ERT - 12 Sept

Dear [REDACTED],

I am preparing the agenda of the planned meeting with Commissioner Moedas on 12 September and would be very glad to have contact with the ERT on this in the next week or two. This would be to look at how the meeting might deal with substantive issues and the policy implications of the ERT "trilogy".

I understand that you will be away until 16 August. Is there a colleague preparing the meeting from your side who might be available?

Looking forward to our collaboration,

Yours sincerely,
