**Subject:** RE: ETRMA meeting with EC-ECHA 19 May 2016 : Crumb Rubber

Dear

Thank you for the presentation. I look forward to further discussions next Thursday.

I have just spoken with ECHA this morning and, given they are already cooperating with USEPA, they asked me to explore the possibility that some representative of USEPA could also join the meeting by teleconference. Their availability to participate is still not confirmed, but given the case, would you have any objection a representative of USEPA would be present via teleconference?.

Could we share your presentation and report from the Mario Negri institute with them too?

Please let me know if this would be acceptable to you.

Best regards

dear Colleagues

Please find attached the slides that will be used during our meeting in your offices on Thursday  
Hopefully we will also receive some update on the steps to come (from ECHA and the EC) with  
respect to crumb rubber and annex XV dossier?

Looking forward to seeing you all

Best regards
