Should Eurojust wish to terminate the Agreement on 1 January 2012, the notice shall be given no later than 1 October 2010.
ARTICLE 4 RENT AND ADDITIONAL SERVICES

1. The total payment obligation for the total surface area as indicated in Article 2(4) and specified in Annex III shall be an annual amount of...

2. The rent, which is calculated in Annex III on the basis of the square meter figures as laid down in the BOAG report (Annex II), shall be adjusted annually on 1 January, for the first time with effect from 1 January 2009, according to Article 5. A change in the square meters measurements in the said BOAG report shall automatically lead to an adjustment of the rent calculation.

The Host State will pay the rent for the period from 15 July 2008 up to and including 14 September 2008. Eurojust will pay the rent from 15 September 2008 onwards since this is the date as of which user specific installations will be installed in the Premises.

3. All amounts given in this agreement exclude VAT. VAT will be charged on the payment obligation. The VAT on all invoices should be mentioned separately for Eurojust to reclaim it from the Dutch Tax Authorities.

4. The annual rent shall be paid in advance in four instalments falling due on 15 January, 1 April, 1 July and 1 October each year. The first instalment shall cover the period from the Agreement's entry into force to the next due date. In December 2008, the Rgd shall send a specific invoice to Eurojust for the first payment to be made by Eurojust covering the period from 15 September 2008 up to and including 31 December 2008.

5. The Parties may make alternative rent payment arrangements in writing by mutual consent.

6. The owner of the building as well as the Rgd will provide ancillary supplies and services as set out in Annexes V and VI. A system of advance payments with subsequent annual recalculation shall apply. Should the owner of the building no longer provide the ancillary supplies and services set out in Annex V, without the prior consent of Eurojust, the Rgd will provide these supplies and services to Eurojust.

ARTICLE 5 ADJUSTMENT OF THE RENT

1. The rental review of the lease (Annex III) shall take place for the first time with effect from 1 January 2009, on the basis of the alteration of the monthly index of the Consumer Price Index (CPI), series All Household (2000=100), published by the Central Bureau of Statistics.
The amended rental shall be calculated according to the following formula: the amended rental shall be equivalent to the existing rental date of amendment, multiplied by the index point of the month of August of the year preceding the calendar year in which the rental is reviewed, divided by the index point of the month of August two years preceding the calendar year in which the rental is reviewed. The formula will be:

All Household year n (August) / All Household year n-1 (August).

The Party that demands a soil investigation at the start of the Agreement is obliged to carry out an investigation at the end of the Agreement. A Report Soil contamination dated April 2007 can be found in Annex VIII.

2. Eurojust shall be liable to the Rgd for soil contamination after the date of delivery of the Premises to Eurojust, but only if the Rgd proves that the contamination could be attributed to Eurojust or the people for whom it is responsible.

3. The costs of a soil investigation at the beginning and at the end of the Agreement shall be borne by the Party demanding that the question of soil contamination be addressed in the delivery report drawn up at the start of the Agreement.
ARTICLE 8 DELIVERY

1. The Parties shall draw up and sign a delivery report (Annex IV-d) describing the state of repair of the Premises at the time of delivery and a schedule of the installations which have to be removed at the end of the Agreement (Annex IV-c).

To complete the delivery by the developer to the Rgd, a final inspection will be organised, in which Eurojust and the other user(s) of the building will be invited to take part. After the transfer of the building to the Rgd, the Rgd will transfer the building to the users. Eurojust and the other user(s) will then have the opportunity to install the user specific facilities such as ICT, safety measures, room signage and furniture. Eurojust may then determine the date when it will move in the Premises.

2. At the end of the Agreement, upon the delivery of the Premises by Eurojust to Rgd, the Parties shall draw up and sign a delivery report describing the state of repair of the Premises at that time. Eurojust is allowed to leave part of the built-in package behind at the end of the lease, as will be set out in a subsequent Agreement which, once finalized, shall be added to the present Agreement as Annex IV-c. Eurojust has to remove the user installations that will be specified in the said Annex IV-c and the subsequent user-installations which were installed after the commencement of the lease, unless a new lessee agrees to take it over. The built-in package will be included as an Addendum to this Agreement.

3. Eurojust shall carry out remedial work to make good any differences apparent from the schedules referred to in the two foregoing paragraphs, with the exception of:

a) normal wear and tear

b) ageing

c) alterations to the Premises to which Rgd or the owner has agreed, unless agreement was given with the reservation that the original state (Annex IV-d) would be re-established.

The Host State is obliged to remove the installations which are indicated in the schedule of conditions in the column ‘to be removed by the Host State’ (Annex IV-c).
ARTICLE 9 MAINTENANCE AND MANAGEMENT

4. If, having received proper notice of default setting a reasonable time limit, one of the Parties remains in default with regard to the proper fulfilment of a maintenance or management obligation, the other Party shall be authorised to perform the maintenance work at the expense of the defaulting Party.

5. If Rgd deems it necessary to carry out or have carried out maintenance, repair, renovation or other work on the Premises, or if work of this kind is necessary due to requirements or measures imposed by the authorities or public utilities, Rgd shall consult Eurojust in advance on the timing of the work. This obligation shall also apply to areas of the building that Eurojust is not allowed to use. The Rgd shall minimise any nuisance caused to Eurojust. Article 14 of the general terms and conditions is not applicable.

1. Subject to the prior written permission of the Rgd and of the owner of the building as far as necessary on the basis of the conditions of the underlying lease agreement Eurojust shall have the right, at its expense, to make any alterations to the Premises that it considers necessary. The Rgd shall not withhold its permission on unreasonable grounds. If permission of the owner of the building is needed, Rgd will do its best to obtain this permission. Rgd shall render a decision within 21 calendar days of receipt of a request. In default of issuing a decision of authorisation, Eurojust shall be authorised to carry out the alterations as requested.

2. Rgd shall be liable for damage and loss including consequential loss, suffered by Eurojust if this is due to fault or negligence of Rgd or people it is responsible for. If consequential loss has been suffered or is likely to be suffered, Eurojust shall take appropriate and proportionate steps to prevent or limit such loss as far as can reasonably be demanded of Eurojust in the given circumstances. Consequential loss in this context shall include the costs incurred by Eurojust in taking proportionate and reasonable steps.
