Subject: EP Workshop_EU's pesticide risk assessment system: the case of glyphosate

Dear [REDACTED]

As promised yesterday we looked at an alternative speaker for the EP event. I am glad to inform you that [REDACTED] coordinator for the process of harmonisation of classification and labelling within ECHA, is able to participate.

As discussed [REDACTED] will be able to explain the ins and outs of the process we are following and can probably also say a few words about how the IARC criteria relate to the CLP criteria if that would be useful.

I put [REDACTED] in cc so that you can contact him for any further practical arrangements.

I wish you a successful meeting.

With best regards,

Jack de Bruijn
