You called me today to clarify a video production matter in the context of the Digital Summit. I am glad I could clarify the situation.

As discussed, DIGITALEUROPE is keen to provide evidence of the importance of digital transformation, and we would be happy to showcase what the European tech industry is doing to leverage EU's innovation and growth potential. We are currently gathering relevant data from the industry, and we will communicate more widely about this in September.

Perhaps, we can join forces. DIGITALEUROPE could be featured together with CONNECT and other major EU players to show that we want to deliver TOGETHER – i.e. industry and policy-makers - on the DSM for the benefits of European's people and businesses.

If it fits your narrative and your video plans, I am happy to find time in my Director-General's, <u>Cecilia Bonefeld-Dahl</u>, calendar for a video interview, a blog post, and/or whatever you and the CONNECT colleagues deem useful.

I look forward to hearing from you.

Thanks,

DIGITALEUROPE

DIGITALEUROPE represents the digital technology industry in Europe.
