Dear Ms [REDACTED] ,

I wanted to let you know that we have published the reports from EUCoLab's September Roundtables on our [website](#) (I have also attached a copy here). The Roundtables had great levels of participation and feedback thanks to you and your colleagues.

Also attached and available online is EUCoLab's most recent [industry survey](#). We conducted the survey to understand the key issues which the collaborative economy in Europe faces. In addition to the survey, we conducted a series interviews and informal conversations with experts, founders and CEOs in the collaborative economy. The report draws together the views expressed and identifies the key barriers and challenges facing the sector. It sets out a clear set of priorities for policymakers and industry to work together on, for the benefit of consumers, service providers and platforms.

We look forward to continuing to work with the European Institutions to ensure that Europe remains at the forefront of embracing new ways of meeting consumer demand and service delivery, whilst also ensuring that European citizens benefit from the enhanced competitiveness and social progress which our sector brings.

Kind regards,  
Luc
