Subject: EU CoLab call

Dear all,

I just talked with Luc Delany who is the main contact point in EU CoLab. He agreed to send us a list of events which are in their radar concerning collaborative economy. He informed me that on 7 and 8 September, EU CoLab will organise another series of roundtables in Brussels which will gather around 16 leading companies/platforms. They will send an official invitation for us to participate in these roundtables and present our Communication. [REDACTED]

I will keep you posted once I receive his email with the events..

Best,
