**Subject:** The progress of NZEC IIA project

Dear [REDACTED],

Thank you very much for this information. We have made a first analysis of the materials that you have sent, but would need more time due to their technical character.

I hope that we can further concretize our cooperation on the important issue of CO2 capture over the next months and years. Would you be available for a telephone conversation on possible next steps in the week of August 18<sup>th</sup>?

Let me also use the occasion to introduce to you Ms [REDACTED], who will be the successor of Ms [REDACTED] as environment and climate change counsellor at the EU Delegation in Beijing as from late August.

Best regards,

[REDACTED]
