

Meeting notes from the visit of Rupert Schlegelmilch to Washington DC in April 2013

Meeting with BCTT on Financial Services Regulation

Topic: Financial Services

During the meeting, US industry continued to push for the inclusion of financial services in the regulatory part of the agreement. The industry has done some outreach, especially on Capital Hill to increase the Congressional pressure on the Treasury to agree to be involved. *[not releasable]*

Chamber of Commerce plans to issue another report on the regulatory coherence which would suggest ways for the Administration to involve the regulators.
