Importance: High

Dear Mrs Lobillo Borrero,

We understand that the European Commission is expected to release its proposal for a regulation on CO2 emissions from cars and LCVs post 2021 on 8th November, in the framework of the second mobility package.

Ahead of discussions at Cabinet's level to take place this week, we thought it would be useful to provide you with the additional perspective from our member companies, which you find in attachment.

We remain at your disposal for any questions you might have and would welcome further discussions.
