Dear [REDACTED] and colleagues,

Regarding article 29 of NFR, we would like to inform you that infringements of the provisions of the Regulation 2015/2283/EU are covered under the Horizontal National Legislation of Greece, Law No 4235/2014. The law regulates and describes administrative measures, procedures, and penalties of non compliances following the implementation of European and national legislation in the fields of food, feed and animal health and welfare. In case of imposing administrative penalties, fines are based on particular, named criteria (e.g. size of the enterprise/company, repetition of the same non-compliance over the last three years etc) in order to be effective, proportionate and dissuasive. We remain at your disposal.

Kind regards,

Dear colleagues,

As you know, Article 29 of the new NFR requires the MS to lay down the rules on penalties applicable to infringements of the provisions of this Regulation. It also requires MS to notify those provisions to the Commission by 1 January 2018.

Can you pls proceed with the notification ASAP?

Best regards,
