Subject: JRC report on the screening methodology to identify potential endocrine disruptors according to different options in the context of an impact assessment
Attachments: CES letter DG SANTE JRC ED - September 2017.pdf

Dear Sir, Dear Madam

CES - Silicones Europe (CES) is a non-profit trade organisation representing all major producers of silicones in Europe. We provide information on silicones from a health, safety and environmental perspective.

We are writing to bring to your attention a miscalculation we found in the [Joint Research Centre/lbf/Benaki screening report](#) for the identification of potential endocrine disruptors (ED)^[1] concerning a specific REACH chemical.

You will find in the letter in attachment more information.

We thank you in advance for your help and remain at your disposal for any further information.

Yours sincerely, [REDACTED]
