Dear colleagues,

Further to your request concerning possible issues that could be addressed in the framework of CETA's Regulatory Co-operation Forum, we have no specific suggestions at the moment. We have a High Level Energy Dialogue with Canada in which, inter alia, regulatory frameworks and policy experiences in the energy sector are shared and discussed.

Noting that you are also inviting proposals from EU stakeholders, we would be very grateful to be kept informed and consulted on any that may directly or indirectly affect the energy sector.

Many thanks,
Yours sincerely,
