Their Chairman, Sir Michael RAKE (hereafter Sir Mike), visited Japan to undertake a series of meetings with Japanese industry and the Japanese government in respect of BT’s business in Japan. He met with the Ambassador of the Delegation of the European Union to Japan, Viorel ISTICIOAIA-BUDURA, on 18 May. This was the second time that they had met, the previous occasion being October 2015.
Sir Mike expressed the view that the successful conclusion of the EU-Japan FTA is a unique opportunity to lay the foundations for a mature EU-JP and UK-JP trade arrangement which could avoid disruption of supply chains and help retain Japanese investments in the UK.
