Dear Ms. De Luca,

I am contacting you as chairperson of EurAdopt regarding the conference on: "Challenges in Adoption Procedures in Europe: ensuring the best interests of the child" that the Council of Europe and the European Commission are organising jointly.

EurAdopt is an umbrella organisation of over 20 organisation from 12 European countries that carry out intercountry adoptions. EurAdopt has always advocated good practicies in adoptions and was represented by observers when the Hague Convention was finalized and signed, and has later participated in follow-up meetings.

More information can be found in the attached documents.

We would be very interested in participating and contributing in the work of the conference that has been organised.

Kindest regards

Angelo Moretto
EurAdopt Chairperson
