

Dear Members of the Southern Gas Corridor, dear Colleagues,

We would like to thank you for your constructive participation in the Southern Gas Corridor RG meeting held on 16 February.

In particular, we would like to thank promoters of the PCI candidates for their presentations and answers to all questions concerning their projects.

- Please note that the **presentation, including the slides presented by project promoters** was uploaded today on CIRCA BC, folder "Southern Gas Corridor", sub-folder "2017 02 16 Meeting SGC".

In the sub-folder "2017 02 16 Meeting SGC " you can find all the other documents discussed at the meeting.

- Regarding the document "**The supervision strategy for the PCI implementation**" that was mentioned at the Southern Gas Corridor RG meeting, please note that its new version is attached to this mail and you can also find it on CIRCA BC in the "TEN-E Regional Group Meetings" folder (no 13 that is open to public).

Changes with regard to the version of the document that was discussed in September 2016 (and also posted on CICABC) are the following; the document mentions that "*Regional Groups [...] will be asked to endorse this updated strategy in the upcoming meetings of February and March 2017*", and that the Commission will keep a register of issues regarding the PCI monitoring that would be raised to the attention of individual Regional Groups. We should be very grateful if you could send any comments and remarks you may have on this document by 28 February 2017 to the following mailbox: ENER-B1-PROJECTS@ec.europa.eu , subject matter "supervision strategy". In case we do not receive any comments or objections to the document by that date we will consider it approved. We will regularly come back to the topics identified in the document in upcoming Regional Group meetings with a view of improving the monitoring of the implementation of PCIs.

Best regards,

on the  request
