Subject: Meeting Request - ECPA - Endocrine Disruptor Criteria

Dear [REDACTED] Dear [REDACTED]

My name is [REDACTED] and I work for the European Crop Protection Association (ECPA) here in Brussels.

At this time, as I am sure you are aware, one of our priorities is the Commission's Proposal for Endocrine Disruptor Criteria. It is vital for us that the Commission put clear, workable and scientifically robust criteria in place, as soon as possible. These criteria will have direct implications for our industry, and more importantly for the EU farmers toolbox, and the availability of innovative solutions. With this in mind, ahead of the next ScoPAFF meeting on 15 February, focussed solely on the ED proposal, we were hoping you might have time for a short meeting on this topic?

We appreciate it is a busy time for you, but given the every-changing proposal and the possibility of a vote, we hope you will understand the request.

It is likely one or two of my colleagues from ECPA or Cefic (the chemicals industry association) will join me.

Kind regards,

[REDACTED]
