Subject: BUSINESSEUROPE position paper on services and priorities for the single market

Dear [REDACTED],

Following our meeting last week, I would like to inform you that we have just published a strategy paper on remaining obstacles to the free movement of services in the single market, which you will find at annex.

As you know, the paper aims to contribute to the consultative process and your work in preparation of the expected Commission report in mid-2015 on services.

[REDACTED]

Of course, happy to discuss these issues further if you wish.

Best regards,

[REDACTED]
