

Note of meeting with European Aluminium (EA), 31/08/2018, 10:00

Present: [Art 4.1(b)] (EA); [Art 4.1(b)]
[Art 4.1(b)] (DG TRADE)

[Art 4.1(b)] asked how EA saw the evolution of current developments and their supply implications affecting the market.

[Art 4.1(b)] said companies were starting to panic. Prices had doubled for alumina. Downstream SMEs in particular were suffering from the uncertainty about where their aluminium supplies would come from after October.

[Art 4.2]

[Art 4.1(b)] said Rusal had not been in touch with EA about this directly. However he had made the EU industry's case very clearly to OFAC this year and had visited in person several times.

[Art 4.1 (a) and Art 4.1(b)]

[Art 4.1 (a) and Art 4.1(b)]
