- Art. 4(1)(b) [REDACTED] DG TRADE
- ACEA: trade committee

At the request of ACEA (Association des Constructeurs Européens d'Automobiles), I met with them on 13 November 2018 to debrief them on the EU-US talks and the work of the Executive Working Group. I explained the latest developments of our discussions in Washington and responded to questions on whether the US administration was interested on discussing regulatory issues in the car sector and process, including timing of possible negotiations.
