Rhodia Acetow

A world leader Cellulose Acetate Producer - flakes & fibers -

Cellulose Acetate Flakes

- **North America**
  - 1 production site, capacity 45 kt Flakes

Cellulose Acetate Fibers: Filter Tow

- **Latin America**
  - 1 production site, capacity 18 kt Tow

- **Europe & CIS**
  - 3 production sites, capacity 89 kt Tow & 75 kt Flakes
  - 1 R&D center

- **Asia-Pacific**
  - 2 commercial offices
  - 2 warehouses
Cellulose Acetate: a 100 years bio-based polymer for fibers, film, plastic ... products

RAW MATERIALS

- Acetic Acid
- Wood

INTERMEDIATES - DERIVATIVES - PRODUCTS

- Acetic Anhydride
- Cellulose Acetate Flakes
- Fibers
- Plastic
- Film
