**Subject: Grant agreement 2001/HLWG/118**

Dear [REDACTED]

We acknowledge receipt of your letter dated 29 October, informing us about the fact that your services are not in a position to execute the project which was subject of the above grant agreement.

Although we regret the fact that this project, which we considered to be in the interest of the Moroccan authorities, could not materialise, we fully respect all the endeavours made by your services to realise this project, and we therefore accept this termination of the project.

We confirm that in the meantime the Commission has already received back the amount of the advance payment which had to be returned.

We sincerely hope to be able to cooperate more successfully in the future.

Yours Sincerely,
