Christiane,

Thanks for reaching out. I reached out to touch base on areas of mutual interest. I'm happy with having a free-flowing discussion in my role Microsoft Research Labs worldwide, and in my roles on advisory boards, including at .

On some potential topics:

- Commissioner Moedas' vision of a science computing cloud for Europe and how things are progressing.
- Discuss Coordinated Plan on AI, as well as Digital Europe and Horizon Europe aspirational efforts—and how we might help/collaborate. Many of the goals of Horizon Europe align with priorities of Microsoft Research (and its approach to research.)
- Talk about Microsoft Research worldwide and potential synergies as an “open research” lab.
- Touch base on Microsoft's work on responsible AI, including the Aether Committee, Microsoft's ethics board and its work.
- Touch base on Microsoft's AI for Earth, AI for Humanitarian efforts.
- Discuss Partnership on AI (I co-founded the organization and chair the board) and potential connections to interested parties and organizations in Europe.

Thanks,

---

Dear

I am preparing the agenda of commissioner Moedas for Davos and I wanted to ask you if there is anything specific which you would like to discuss with him?

Best regards

I noticed on the list that Carlos Moedas will be in Davos. [REDACTED] Microsoft Research Labs worldwide and also [REDACTED], a non-profit multiparty stakeholder organization on topics on the responsible fielding of AI technologies. [REDACTED] and on the [REDACTED]. Many potential connections to research, science, and innovation at the EC.

Please let me know if Carlos would like to touch base while we are both in town. [REDACTED] <[\[REDACTED\]@microsoft.com](mailto:[REDACTED]@microsoft.com)> can help to arrange a slot that works if there's interest and time.

Best,
