Subject: Invitation to Public Hearing on Climate Change Denial - 21 March 2019

Dear Mr. [REDACTED]

The Committee on Petitions (PETI) of the European Parliament jointly with the ~~Committee on Environment, Public Health and Food Safety (ENVI)~~, will organise a public hearing titled "*Public Hearing on Climate Change Denial*", from 10:30 to 12:30 on 21 March 2019 in the premises of the European Parliament in Brussels (Rue Wiertz 60).

On this occasion, I have the pleasure to invite you to participate in the abovementioned hearing as an expert to share your views and experience and to present information on this topic. The allocated time for each presentation is 15 minutes and we kindly ask you to respect this limit. The question and answer session with Members of the European Parliament will follow the experts' presentations. A copy of the preliminary draft programme of the event, is enclosed for your perusal, providing a summary indication concerning your contribution, and describes also the general background of the Hearing.

On request, the European Parliament will reimburse your travel expenses in accordance with the Rules on Public Hearings. The rules, regulations and forms are also enclosed in this letter. Among others, a prerequisite to reimburse your travel expenses is to inform us whether you will be travelling from/to a place other than your private address or place of work, failing to do so will render reimbursement impossible.

You are kindly asked to comply with the registration requirements mentioned in Article 7 of the Rules on Public Hearings, which is described in more detail on the homepage of the Transparency Registry. The direct link to this information page is: <https://bit.ly/2DJPWGH>.

Upon your arrival, you will be welcomed in the Atrium Welcome Point 30-45 minutes before the start of the hearing. I would like to kindly ask you to inform us whether you require any special assistance during your visit in the European Parliament.

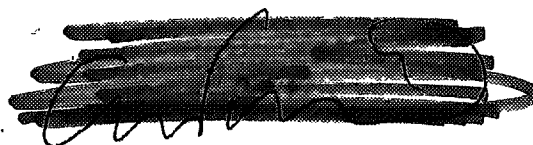

Moreover, in order to make the hearing a success and use the available time wisely, it would optimise the flow of the information supplied to the Members of the European Parliament and facilitate the work of interpreters during the hearing, if you could share a short English version of your presentation or speaking points. It is also useful to specify in advance if you wish to use PowerPoint and what is the original language of your presentation with the PETI Secretariat (by e-mail).

I would also like to draw your attention to the fact that, unless you object in writing, your CV will be published on the PETI Committee website among the other supporting documents for the hearing. It will be deleted one year later. In addition, if you agree, your speech will also be published on the PETI Committee website.

Further details will be provided to you by the PETI Secretariat - they will contact you over the phone - to ensure a smooth proceeding. You can also contact the Secretariat yourself on +32 (0)2-28 42 111, e-mail address: peti-secretariat@europarl.europa.eu.

We look forward to welcoming you on the day of the hearing.

Background

The Committee on Petitions received petition No 0900/2016 by F.K. (Austrian) on behalf of Food & Water Europe, bearing 732 signatures on taking action against a multinational oil company for climate change. The petitioner would like the European Parliament to take action against a multinational oil company for its climate change denial. The petitioner informed the Committee on Petition about an ongoing investigation in the United States, on the same issue. The petitioner also listed the adverse effects of climate change and its denial on environment, public health, agriculture, water sources, tourism, energy policy or transport policy.

Pending the petition additional information was provided, referring to positions of scientists assessing the considerable impact of specific industrial activities on climate change and on the other hand, the expensive misinformation campaigns of industrial lobbyists to circulate the opposite views. These mechanisms possibly prevent governments, investors and individuals to change politics, from reducing critical industrial activities at an earlier stage.

The European Union is bound by the Paris Agreement adopted by the Parties to the United Nations Framework Convention on Climate Change at the 21st Conference of Parties to the UNFCCC in December 2015.

Coordinators of both the ENVI and PETI Committee decided to organise this Hearing, targeting the different aspects of Climate Change Denial and its dynamics among different actors in society.

Dear M [REDACTED]

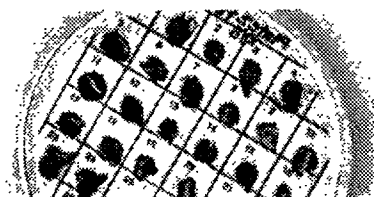

I'm writing you following below mail to my colleague [REDACTED] which I understood you had contacted by phone earlier this morning.

[REDACTED], I was unable to approach you earlier.

I just tried to contact you via phone to seek some more information on this Joint ENVI-PETI Public hearing.

I will try later again, but alternatively you could always contact me on my mobile on:

Dear [REDACTED]

As anticipated this morning by phone, I am contacting you to explore the availability and interest of a representative of Exxon Mobil in participating as a speaker to a **Joint Public Hearing** organised by the PETI ~~and ENVI Secretariat~~ the European parliament **on Climate Change denial**.

The event will be held at the European Parliament on **21 March 2019** from **10:30 to 12:30**.

Please find attached the draft programme.

I would appreciate a quick reply so that the draft programme of the hearing can be finalised.

We can further discuss at the phone any detail you deem relevant.

Best regards,

~~ENVI Secretariat~~

Dear [REDACTED]

I tried to call you this afternoon about the upcoming Joint ENVI-PETI Public Hearing on March 21. As we were not able to talk over the phone, please note that, while we appreciate your inquiry into ExxonMobil's availability and interest in participating in the Hearing, we are unfortunately constrained from participating because of ongoing climate-change related litigation in the United States. As I'm sure you can understand, it is important to ensure that public commentary does not prejudice those proceedings. [REDACTED]

I would like to underscore our respect for the pivotal role the ENVI-PETI Committee plays in the European Parliament, and thank you for understanding the sensitivity of our current situation.

Best Regards,
