### Endocrine Disruptors

| Members | Update  |
|---------|---|
| HC      | Had an internal working group but it has not been active lately. HC research staff active with work going on with OECD.   |
| FDA     | Participating in work initiated by EPA to produce a manuscript with other agencies as well such as NIEHS. Draft report to be presented to the National Academy of Sciences for peer review. |
| FSANZ   | Nothing specific but there is some interest about having a symposium on the subject together with the Australian Toxicology Society.  |
| NZMPI   | No activity in this area  |
| EC      | Working on new pesticide regulation intended to set out the criteria for endocrine disruptors expected to be finalized by the end of the year.  |
| FSCJ    | Nothing specific to add at this point.  |
