Many thanks. If a start at 11:45 for a 60m meeting is possible, I would confirm that slot.

Thanks again for your prompt reply.

Best regards

Dear [REDACTED]

Thanks for your email. [REDACTED] asked me to reply to your email.

Would for instance a meeting slot starting at 11:30 or 11:45 on 23 March work for Andrea? We would have a slight preference for a 11:45 start so that we could ensure not to be late.

Thanks for confirming

Best regards

**Subject:** AFME / SIFMA AMG - Request for a meeting on key asset management issues - 23 March

Dear Andrea,

I hope that this finds you well and that you are enjoying your new role.

I am writing to explore whether you would be available to meet a delegation of senior representatives from SIFMA Asset Management Group ("SIFMA AMG") and AFME Membership in Brussels on 23 March to discuss key asset management issues and the broader context of Brexit and its implications for the industry.

[SIFMA AMG](#) is a community of individuals from leading asset management firms of all sizes brought together by the common goal of promoting the development of liquid, efficient, open and safe capital markets. The Group, which is an independent division of our sister US organisation SIFMA and that represents U.S. asset management firms whose combined global assets under management exceed \$34 trillion, develops views on public and regulatory policy, creates industry best practices and advocates on behalf of its Members to address widespread regulatory change.

Amongst other topics, SIFMA AMG and AFME would welcome the opportunity to exchange views with you and your staff on a number of issues arising from Brexit and the recent EU Commission notice to stakeholders on the withdrawal of the United Kingdom and EU rules in the field of asset management, ESMA's opinion to support supervisory convergence in the area of investment management in the context of the United Kingdom withdrawing from the EU, including on delegation arrangements, as well as on issues relating to the debate of possible systemic risks around liquidity mismatches and the use of leverage in investment funds; passive vs active investing; value for money; and the coming sustainable finance initiatives from a buy side perspective. If that were of interest, we would also welcome discussing some issues around reporting obligations imposed on the industry and cross-border cooperation in different contexts.

If this meeting were congenial, we would like to suggest the 23<sup>rd</sup> of March in the afternoon if that would also suit your agenda. Please do advise if you would have a preferred slot on that afternoon.

We very much look forward to hearing from you.

Best regards & have a good WE
