Dear colleagues,

Please find below the draft Agenda for Friday. The Commission's preference would be to address first the Articles on which we believe it will be easier to find consensus and to gradually proceed to the more sensitive ones. We believe that the question of the legal architecture should be addressed only towards the end. We estimate that we will need at least 4 technical meetings + a couple of separate meetings between the Legal Services of the three institutions.

DRAFT AGENDA

1. Agreement on the order in which the Articles and the Annexes of the Proposal will be addressed (see attached alternative proposal from the Commission on the basis of Parliament's first draft)
2. Calendar of technical meetings
3. Discussion on the Articles in Cluster I (Articles 1, 2, 4, 6 and 7)
4. AOB

We look forward to receiving your feedback and to a productive meeting on Friday,

Policy Officer
