Working Party on Technical Harmonisation (Motor Vehicles)

19 September 2019

Dear Colleagues,

It is our pleasure to invite you on 19 September 2019 to the Working Party on Technical Harmonisation (Motor Vehicles). We shall start at 10:00 at Europa building, room S5. We shall work both in the morning and in the afternoon.

Delegates of the Working Party on the Environment are kindly invited to attend the Working Party meeting.

We shall continue to work on the proposal for a REGULATION OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL amending Regulation (EC) No 715/2007 on type approval of motor vehicles with respect to emissions from light passenger and commercial vehicles (Euro 5 and Euro 6) and on access to vehicle repair and maintenance information.

The further elaborated Presidency compromise proposal now accommodates most of the comments by delegations. It is also aligned with the oral presentation about the position of the Council Legal Service on the delegated and implementing acts given at our 10 September meeting.

So far, the format of the Table 2a is maintained as proposed by the Commission, and it will be further discussed in the WP meeting. In line with the views of many delegations, the numeric values of the CFs were not touched.

We will continue examination of the Presidency compromise proposal with the aim to swiftly formulate the Council position.

On behalf of the Finnish Presidency Team,

Marko Sinerkari
Chair of the Working Party
