Subject: guidelines on PSD2 and GDPR

Dear member(s) of the EDPB,

Through research for writing my master thesis around the compatibility between PSD2 and GDPR I welcomed your response to the letter of MS in 't veld of 5 July 2018.

Next to this response, I saw that in adopting the working program of the EDPB for the period of 2019/2020, one of the activities of this working program was the issuance of guidelines on PSD2 and GDPR.

My question to you is the following: "Is there already a draft version on these guidelines, and if this question is affirmative, would it be possible to have access to/have an insight in these preliminary guidelines?"

Yours sincerely,

[REDACTED]
