Main issues discussed
A meeting was held on 13 November 2019 between DG TRADE and Farm Europe, who represents think tank on rural economies. The meeting was also attended by Farm Europe and DG TRADE.

The participants discussed the outcome of the negotiations between the EU and Mercosur, in particular as regards the ethanol tariff rate quotas as well as the timeline for going forward. They asked the Commission to ensure to implement the agreement in such a way that there is no risk that ethanol for chemical uses will spill over to biofuel use. In this regard he drew attention to the recent letter of the Industrial Ethanol Association to DG Sandra Gallina in which they suggest how to address the issue. They gave an overview of the current state of play and next steps and took note of Farm Europe's suggestions.
