Subject: Interview request: EU-China CAI and European framework for FDI screening

To the attention of the cabinet of Commissioner Cecilia Malström,

My name is [redacted], I am a PhD candidate at King's College London. For my thesis, I am researching the political impact of Chinese investments in the EU.

Since the Commissioner and her cabinet have been in the front lines of the negotiations for the EU-China Comprehensive Agreement on Investments and the European framework for FDI screening, I was wondering if it would be possible to be granted an interview with a member of the staff who has been following the process.

I would be extremely grateful to anyone who could have such exchange of information with me, as my research depends on it.

I will be in Brussels from the 23rd to the 26th of January for some interviews, please let me know if anyone could be available then. Alternatively, a phone call could be organised or I can be back in February.

Thank you for your time and attention.

Yours Sincerely,
