## NOTIFICATION OF INTENTION TO ENGAGE IN OCCUPATIONAL ACTIVITY AFTER LEAVING THE EEAS

*Article 16 of the Staff Regulations (Articles 11, 81 and 124 Conditions of Employment of other agents)*

*An official shall, after leaving the service, continue to be bound by the duty to behave with integrity and discretion as regards the acceptance of certain appointments or benefits. Officials intending to engage in an occupational activity, whether gainful or not, within two years of leaving the service shall inform their institution thereof. If that activity is related to the work carried out by the official during the last three years of service and could lead to a conflict with the legitimate interests of the institution, the Appointing Authority may, having regard to the interests of the service, either forbid him from undertaking it or give its approval subject to any conditions it thinks fit. The institution shall, after consulting the Joint Committee, notify its decision within 30 working days of being so informed. If no such notification has been made by the end of that period, this shall be deemed to constitute implicit acceptance.*
