Guidance on the implementation of the EU Single-use Plastics Directive_April_2020.pdf

Dear All,

I hope this email finds you, your colleagues, and families all well.

First of all, I would like to thank you for organizing the webinar on 3 April, which, in light of the prevailing circumstances, went quite well. Thank you also for extending the deadline for commenting on the guidelines - a much appreciated concession.

Please find enclosed the recommendations of European Bioplastics (EUBP) for your consideration.

It goes without saying that we would be happy to elaborate further on the single issues should any questions arise.

Until then, have a nice weekend and stay safe!

Kind regards,
