Subject: RE: Flash report technical meeting between DG JUST and CNECT and representatives from the German ministry of Justice on the draft law to improve law enforcement in social networks, 9 June

As discussed, for further transmission thanks [REDACTED]

Flash report technical meeting between DG JUST and CNECT and representatives from the German ministry of Justice on the draft law to improve law enforcement in social networks

Participants: The European Commission:
[REDACTED] (DG CNECT),
[REDACTED] (DG JUST) German
Ministry of Justice
German Penn Rep. [REDACTED]

Scene setter: This meeting was an informal technical follow-up to the meeting between State Secretary Billen and representatives of CABs Jomova and Ansip at the request of DE.

The aim of the meeting was to receive updated information and further clarifications on the draft German law. It was very constructive and positively received.

It was underlined that the meeting would be an informal discussion allowing both sides for clarifications, but would neither prejudge the final Commission's assessment of the law, nor be considered to constitute advice from the Commission on proposed changes to the text.
