Dear Art. 4(1)(b),

We have just received the attached Memorandum from Parliament announcing the resolve to push ahead with part of the reform while allowing other provisions to be dealt with subsequently.

This follows the March hearing for which all materials can be accessed through https://pmg.org.za/committee-meeting/25998/ Two main presentations by DTI are attached. I’ll send the full hearing report by separate email.

Difficult to assess which course of action should be pursued by the Delegation at this stage. Wonder whether EU industry is following the matter.

Your advice, as usual, remains essential.

Kind regards
