**Subject:** Stakeholder Webinar to support technical roll-out of tobacco traceability and security feature systems

Dear Sir/Madam,

Thank you for registering to participate in a webinar on the application of the secondary legislation regarding systems for traceability and security features of tobacco products. The same webinar will be organised at different time slots. Please note that the webinar to which you were allocated is intended in particular for **economic operators involved in the trade of tobacco products (including operators of retail outlets)** and will take place on:

**Monday, 16. April 2018, 10.00 to 12.30 o'clock (UTC+1)**

We hope for your understanding that, due to the very high number of participants, the time slot which has been allocated to you cannot be changed. In addition, given certain technical restrictions, we ask you to limit the number of computers per organisation connecting to the webinar and to refrain from joining a webinar session other than the one to which you have been allocated.

**Structure of the webinar:**

The webinar will be organised in two parts. The first will consist of a presentation by the Commission of the main operational and regulatory aspects of the traceability and security features systems. In the second part, the Commission will address questions that were submitted by the participants in advance.

In view of this, please submit a **maximum of 2 questions per organisation/association** related to the secondary legislation in question by **Monday, 19 March 2018**, via email to [SANTE-TT-SW@ec.europa.eu](mailto:SANTE-TT-SW@ec.europa.eu). To ensure that as many of the submitted questions as possible can be addressed by the Commission during the webinar, we also request that, where possible, you coordinate your questions amongst other participating stakeholders (e.g. within the association to which you belong).

**Technical organisation of the webinar:**

The webinar will be organised using the web conferencing service Webex (<https://www.webex.com>). Further information on how to connect to Webex and the respective webinar room on the day of the event will be e-mailed to you in due time.

With kind regards,

**Unit B2 - Health in all Policies, global health, Tobacco Control**  
Health and Food Safety DG (SANTE) - European Commission
