	Original contract	Existing contract	Addendum
<b>Budget [EUR]</b>	5 000 000		
<b>Budget EU [EUR]</b>	5 000 000		
<b>Duration</b>	24 months		

## Explanatory note

<p><b>Purpose of the contract</b></p>	<p>The intervention “PEERS: Protection Enabling Environment and Resilience Services” that will be carried out by CESVI in consortium with IMC, is well aligned with its corresponding Action Document.</p> <p>The action aims at improving direct multi sectoral assistance and protection to migrants, refugees and host communities in both Detention Centres and Urban Areas. For doing so, it will provide emergency assistance and protection for migrants, refugees and host communities including health, psychosocial support as well as protection and GBV. It will also strive to establish and maintain emergency shelter/transit centres in safe areas as alternatives to detention. In addition to this, the intervention aims at improving knowledge and capacities of local stakeholders related to protection (capacity building for municipal staff and service providers and training of local stakeholders).</p> <p>This contract has been negotiated with CESVI and IMC by EUDEL and DG NEAR following the lines established in the Action Document and the developments in the field. The negotiation has been satisfactory.</p> <p>The contract will have an implementation period of 24 months starting 1<sup>st</sup> January and a total budget of € 5,000,000, 100% financed by EU (fully funding was agreed in the AD).</p>
<p><b>Background information</b></p>	<p>The Action Document “Managing mixed migration flows (top up): Enhancing protection and assistance for those in need in Libya” (T05-EUTF-NOA-LY-08) was approved on 10-7-2019 (Ares (2019)4564900) in order to reach the overall objective of strengthening protection and resilience of vulnerable migrants and migrants at risk, refugees and host communities (including Internally Displaced People and returnees) in Libya. At the same time, it aims at supporting efforts to improve migration management along the migration routes in the country.</p> <p>The Action document seeks as well to reduce and mitigate the risks faced by some vulnerable groups such as victims of sexual and gender based violence (GBV), non-registered refugees and irregular migrants stranded in Libya, while responding to their specific needs.</p> <p>The Action Document foresees the signature of a direct award (grant) to CESVI in consortium with IMC in its section 4.3 (implementation modalities)</p>
