Title of publication The Finnish Board of Inter-Country Adoption Affairs. Annual Report 2005			
Summary The Finnish Board of Inter-Country Adoption Affairs (Finnish Adoption Board) is the expert body in inter-country adoption affairs in Finland. It is subordinated to the Ministry of Social Affairs and Health. The Board celebrated its 20th anniversary in 2005. The Board has been in force since 1 July 1997 as the central authority meant in the Convention on Protection of Children and Co-operation in Respect of Intercountry Adoption (Hague Convention). A follow-up meeting for the Convention, attended by the Board representatives, was arranged in Hague in 2005. In quantitative terms, granting permissions for inter-country adoption is the most significant task of the Board. In recent years, inter-country adoption has become increasingly popular. In 2005 the Board handled 275 permission applications. During 2005 the Board received reports of altogether 308 arrivals of adoptive children in Finland. Most adoptive children have come to Finland from China, Thailand, Russia and South Africa. The Board had 24 meetings in 2005. 10 of them were meetings of the full composition and 14 of the limited composition. The Board issues expert opinions for example to the courts of justice. In 2005 the Board issued three expert opinions to the Helsinki Court of Appeal. The Board also approves the Finnish service providers' international co-operation bodies. In 2005 the Board approved five applications by a Finnish service provider concerning co-operation with a foreign service provider. In 2005 the Board submitted two initiatives to the Ministry of Social Affairs and Health concerning inter-country adoption affairs. In 2005 it was Finland's turn to arrange the meeting of Nordic adoption authorities. The meeting was held on 20 October 2005. The Board also took part in the organisation of a jubilee seminar on adoption affairs held at Finlandia Hall on 21 October 2005.

Tiivistelmä Suomen kansainvälisten lapseksiottamisasioiden lautakunta on sosiaali- ja terveysministeriön alainen kansainvälisten lapseksiottamisasioiden asiantuntijaviranomainen. Vuonna 2005 lautakunta täytti 20 vuotta. Lautakunta on toiminut 1.7.1997 lähtien lastensuojelua ja yhteistyötä kansainvälisissä lapseksiottamisasioiden koskevassa yleissopimuksessa (Haagin sopimus) tarkoitettuna keskusviranomaisena. Vuonna 2005 järjestettiin sopimuksen seurantakokous Haagissa, johon lautakunnan edustajat osallistuivat. Kansainväliseen lapseksiottamiseen tarvittavien lupien myöntäminen on määrällisesti lautakunnan merkittävin tehtävä. Viime vuosina kansainvälisen lapseksiottamisen suosio on entisestään lisääntynyt. Vuonna 2005 lautakunta käsitteli 275 lupahakemusta. Lautakunnalle tehtiin vuoden 2005 aikana ilmoitus yhteensä 308 Suomeen saapuneesta lapsesta. Eniten lapsia adoptoitiin Kiinasta, Thaimaasta, Venäjältä ja Etelä-Afrikasta. Vuoden 2005 aikana lautakunta piti 24 kokousta. Näistä 10 oli täyden kokoonpanon ja 14 suppean kokoonpanon kokouksia. Lautakunta antaa asiantuntijalausuntoja muun muassa tuomioistuimille. Vuonna 2005 lautakunta antoi kolme asiantuntijalausuntoa Helsingin hovioikeudelle. Lautakunta myös hyväksyy suomalaisten palvelunantajien ulkomaiset yhteistyötahot. Vuoden 2005 aikana lautakunta hyväksyi viisi suomalaisen palvelunantajan hakemusta yhteistyöstä ulkomaisen palvelunantajan kanssa. Toimintavuoden aikana lautakunta teki kaksi aloitetta sosiaali- ja terveysministeriölle kansainväliseen adoptio toimintaan liittyen. Vuonna 2005 oli Suomen vuoro järjestää pohjoismaisten adoptioviranomaisten kokous. Kokous pidettiin 20.10.2005. Lautakunta oli myös mukana järjestämässä adoptioaiheista juhlaseminaaria 21.10.2005 Finlandia-talolla.

Publikationens titel Nämnden för internationella adoptionsärenden i Finland. Verksamhetsberättelse 2005 (Suomen kansainvälisten lapseksiottamisasioiden lautakunta. Toimintakertomus 2005)			
Referat Nämnden för internationella adoptionsärenden i Finland, som är underställd social- och hälsovårdsministeriet, fungerar som särskild sakkunnigmyndighet i internationella adoptionsärenden. År 2005 fyllde nämnden 20 år. Nämnden har verkat sedan 1.7.1997 som en central myndighet i internationella adoptionsärenden i enlighet med vad som avses i konventionen om skydd av barn och samarbete vid internationella adoptioner (Haagkonventionen). År 2005 organiserades ett uppföljningsmöte i Haag som deltog av nämndens representanter. Beviljande av tillstånd för internationell adoption är kvantitativt sett nämndens främsta uppgift. Under senare år har intresset för internationella adoptioner blivit större än förut. Under år 2005 behandlade nämnden 275 tillståndsansökningar. Under år 2005 mottog nämnden 308 anmälningar om barn som anlänt till Finland. De flesta av dessa barn kom från Kina, Thailand, Ryssland och Sydafrika. Under år 2005 höll nämnden 24 möten. 10 av mötena hade full sammansättning och 14 inskränkt sammansättning. Nämnden avger sakkunnigutlåtanden till bland annat domstolar. År 2005 gav nämnden tre sakkunnigutlåtanden till Helsingfors hovrätt. Nämnden godkänner också de finländska adoptionstjänstorganens utländska samarbetspartners. Under år 2005 godkände nämnden fem ansökningar från ett finländskt adoptionstjänstorgan om rätt att samarbeta med ett utländskt adoptionstjänstorgan. Under verksamhetsåret gav nämnden två initiativ till social- och hälsovårdsministeriet avseende den internationella adoptionsverksamheten. År 2005 var det Finlands tur att organisera det nordiska mötet av adoptivmyndigheter. Mötet hölls 20.10.2005. Nämnden deltog även i organiseringen av ett jubileumsseminarium avseende adoptionsärenden 21.10.2005 i Finlandia-huset.

1 General facts about inter-country adoption

In Finland, the provisions regulating adoption and the relations between adoptive children and their parents are included in the Adoption Act (153/1985) and in the Adoption Decree (508/1997). Further provisions on inter-country adoption are contained in the Decree on the Finnish Board of Inter-Country Adoption Affairs (509/1997) and in the Convention on Protection of Children and Co-operation in Respect of Intercountry Adoption (the Hague Convention). Finland acceded to the Hague Convention in 1997.

The general planning, steering and supervision of the inter-country adoption service is the responsibility of the Ministry of Social Affairs and Health. The expert body in inter-country adoption matters is the Finnish Board of Inter-Country Adoption Affairs (the Finnish Adoption Board), which is subordinated to the Ministry of Social Affairs and Health. The Board is the central authority referred to in Article 6, paragraph 1, of the Hague Convention.

Practical tasks relating to inter-country child adoption are attended to by the inter-country adoption service providers. Finnish legislation on adoption requires the use of a child adoption service. The service providers, which have a licence granted by the Ministry of Social Affairs and Health to act as service providers for inter-country adoption, are the City of Helsinki Social Welfare Board, Interpedia and Save the Children.

In 2005 there were 2,906 children in Finland who had arrived via inter-country adoption. They have been adopted under the terms of the Adoption Act, which entered into force in 1985. In some cases the adoption of children takes place in a foreign state, in accordance with that country's legislation, without permission granted by the Finnish Adoption Board. In such cases the Helsinki Court of Appeal can recognise the validity of the adoption in Finland. Most adoptive children have come to Finland from Russia, China, Thailand, Colombia and Ethiopia.

Foreign children have been adopted to Finland since the 1970s. The number of children coming to Finland continues to be small in comparison with many other countries receiving children. For example in Norway, 707 children under 18 years of age were adopted from abroad in 2005, and in recent years in Sweden, over thousand children have been adopted from abroad annually. In recent years the popularity of inter-country adoption has, however, grown also in Finland, and the number of foreign adoptive children arriving in Finland has increased. In 2005, 308 children arrived in Finland via inter-country adoption. The number is higher than ever before.

2 Composition of the Finnish Board of Inter-Country Adoption Affairs

Provisions on the composition, appointment and tasks of the Finnish Adoption Board are laid down by Decree (509/1997). The Board has a chairperson, a vice-chairperson and the necessary number of other members. The last-mentioned members have a personal deputy each.

Representatives of the Ministry of Social Affairs and Health act as the chairperson and vice-chairperson of the Board. Of the other members, at least one must represent the Ministry for

Foreign Affairs, one the Ministry of Justice, one the Directorate of Immigration, one the expertise in municipal child welfare work and one expertise in social sector research and development, in addition to which one member is appointed by each licensed service provider. The Government appoints the Board for a five-year term. The Ministry of Social Affairs and Health appoints a secretary for the Board.

3 Activities of the Finnish Board of Inter-Country Adoption Affairs

According to the Decree on the Finnish Board of Inter-Country Adoption Affairs (509/1997), the tasks of the Board are as follows:

- to grant applicants the permission for inter-country child adoption;
- to approve the foreign co-operation partners (foreign service providers) of Finnish service providers;
- to maintain a file on the child adoption legislation of foreign states;
- to issue expert opinions;
- to make initiatives on the development of inter-country child adoption activity;
- to monitor international development in inter-country adoption affairs;
- to monitor the way in which the Hague Convention is complied with in Finland and, if necessary, to set about measures to produce conformity with it;
- to cooperate with the central authorities of states parties to the Hague Convention in order to achieve the objectives of the Convention and to exchange information referred to in the Convention;
- to attend to the tasks of the central authority under the Hague Convention which have not been assigned to another body by a law, decree or decision of the Ministry of Social Affairs and Health.

Since 1 July 1997, the Finnish Adoption Board has been the central authority meant in the Hague Convention. Among the co-operation states of Finnish service providers, the Convention has been ratified by South Africa, the Philippines, India, China, Colombia, Poland, Thailand and Estonia. A list of the states, which have acceded to the Hague Convention, is attached (Appendix 3).

The Adoption Board had 24 meetings in 2005. 10 of them were meetings of the full composition and the remaining 14 were meetings of the limited composition. The limited composition includes, in addition to the chairperson, the member representing expertise in social sector research and development and the member representing expertise in municipal child welfare work. The competence of the limited composition includes dealing with the permissions to be granted for inter-country adoption.

In quantitative terms, granting permissions for inter-country adoption is the most significant task of the Board. In 2005 the Board handled 275 permission applications. Two permission applications and two applications for extension of permission were withdrawn. 23 supplemental reports regarding the applications were requested. Six actual applications were rejected during the year of operation.

The permission applications are forwarded to the Board through service providers. In regard to 125 applications the service provider was Save the Children, in 114 applications Interpedia and in 36 applications the City of Helsinki Social Welfare Board. During the year, five notifications of change of service provider were made to the Board.

The Board made its decision on 134 applications within one month from their receipt. The processing of 86 applications took more than one month but less than two months. The processing of 42 applications and the decision-making concerning them took more than two months but less than three months and 13 applications more than three months. The processing was prolonged, inter alia, by the requested supplemental reports.

During the past year the Board received reports of altogether 308 arrivals of adoptive children in Finland. Altogether 140 children were adopted from China and 42 from Thailand. Next most children came from Russia (35), South Africa (27) and Colombia (20). More detailed statistical data on the children arriving in Finland and on the permission applications are attached (Appendix 1).

The Board gave three expert opinions to the Helsinki Court of Appeal for the recognition of adoption that had taken place in a foreign state.

In 2005, all three Finnish service providers applied for a continued permission from the Ministry of Social Affairs and Health to provide inter-country adoption service. The Board submitted the opinions concerning the service providers' applications to the Ministry. The Board did not receive any requests for opinions concerning new service providers. The Ministry of Social Affairs and Health granted a continued permission to all the service providers.

During the year 2005, the Board dealt with and accepted five Finnish service providers' applications for co-operation with foreign service providers. All of the applications concerned license to continue the already existing co-operation. No new contacts were established. A list of the foreign co-operation partners of the Finnish service providers is enclosed (Appendix 2).

On 28 February 2005, the Board submitted an initiative to the Ministry of Social Affairs and Health concerning the revision of Section 3 of the Government Decree on Maternal Allowance and Adoption Support (885/2002). In its initiative, the Board proposed that the amount of the adoption support would be adjusted for some countries.

Chairperson Virpi Kõlhi and Secretary Kaarina Koskela attended the annual working meeting of European central authorities in Berlin, Germany on 17–20 March 2005. In the meeting, for example issues relating to the health of adopted children were discussed and experiences concerning co-operation in adoption affairs with different countries were exchanged. In 2006 the meeting will take place in Switzerland.

On 16 August 2005, the Board submitted a proposition to the Ministry of Social Affairs and Health stating that the Ministry and the National Research and Development Centre for Welfare and Health should consider the lack of research on adoptions in their performance target negotiations.

On 17–23 September 2005, the Second Special Commission meeting on the 1993 Hague Intercountry Adoption Convention was organised. The Finnish representatives in the meeting were Tuomo Antila, Kaarina Koskela and Virpi Kõlhi. In the meeting the draft "Guide to Good Practice" concerning the steering of application practices regarding the Hague

Convention was reviewed for example. A broad-based working group was appointed for the further work on the draft. The Nordic representatives in the group are Norway and the Nordic Adoption Council. Denmark had compiled a model form for assessing the health of the child for the meeting, and it was seconded by the rest of the Nordic countries. Estonia declared that it will prepare a model form concerning follow-up reports in co-operation with certain other states and invited Finland to take part in the preparations. Follow-up reports were, indeed, the subject of lively debate in the meeting. The documents of the Special Commission meeting are available on the webpages of the Hague Conference on Private International Law at www.hcch.net. The next Special Commission meeting is scheduled to take place in four years time.

On 19 October 2005, Chairperson Virpi K lhi and Secretary Kaarina Koskela together with Marika Elmeranta and Marjo Hannu-Jama from Interpedia met with Yehualawerk Eshete and Bekele Siamiregne from Interpedia's Ethiopian co-operation contact. The meeting was also attended by Tedla Deressie, Director of Interpedia country office in Ethiopia.

In 2005 it was the turn of the Finnish Board of Inter-Country Adoption Affairs to arrange the meeting of Nordic adoption authorities. The meeting took place in Finlandia Hall on 20 October 2005. The meeting was attended by 15 persons. In the meeting issues concerning the age of adoption applicants and the costs of adoption among other things were discussed. A particular concern was also the obscurities that have arisen in Vietnam and India concerning adoption of children. The meeting decided that Denmark takes action to examine the issue and notifies the other Nordic countries of the developments.

The year 2005 was the 20th anniversary of the Finnish Board of Inter-Country Adoption Affairs and the Adoption Act (153/1985). In 1985, for the first time, inter-country adoption was enacted in the law. Because of that, the Ministry of Social Affairs and Health, the Finnish Board of Inter-Country Adoption Affairs, all the Finnish inter-country adoption service providers (City of Helsinki Social Welfare Board, Interpedia and Save the Children) as well as the Adoption Families Association, the All Our Children Association and the Adoption Counsellor organised a jubilee seminar discussing the history and the present of inter-country adoption in Finlandia Hall on 21 October 2005. Experts from Finland, Sweden and Denmark spoke at the seminar. The seminar was attended by over 200 persons, including representatives of the Finnish service providers' co-operation contacts abroad.

On 25 October 2005, representatives of the co-operation contacts of Save the Children in Thailand and the Philippines visited the Board. The guests were Pat Amasiri, Adoption Co-ordinator from Holt Sahathai Foundation in Thailand as well as Josefina Tolentino, Consultant, and Elizabeth Ercilla, Social Worker from the central authority in the Philippines. In the meeting, Sirpa Hietaranta represented Save the Children and Kaarina Koskela and Virpi K lhi represented the Board.

The Secretary of the Board participated in meetings of the adoption network during the year 2005. On 14 December 2005, the Board organised a meeting at the Ministry of Social Affairs and Health.

The Board's Internet pages are found at www.stm.fi under the heading of Neuvottelukunnat. The pages give information about the Board, service providers and inter-country adoption in general and the Board's meeting schedule.

tion 27(1) of the Adoption Act, the permission shall state that

- 1) the adopter has been deemed an appropriate and suitable adoptive parent; and
- 2) the adopter has received inter-country adoption service and adoption counselling.

If the Finnish Adoption Board has granted permission for adoption on the basis of section 27(2) of the Adoption Act, the permission shall state that

- 1) the foreign body has deemed the adopter an appropriate and suitable adoptive parent;

- 2) the adopter has received necessary counselling in his home state; and

- 3) according to the certificate presented by the adopter the child has the right or will get the right of entry and habitual residence in that state.

The permission referred to in subsections 1 and 2 above shall also state the period of validity of the permission as well as the possible conditions or restrictions on the adoption referred to in section 27(3) of the Adoption Act.

The permission referred to in subsections 1 and 2 above may, on the request of the adopter, be given in English.

Section 3

A permission granted on the basis of section 27 of the Adoption Act shall be sent directly to the service-provider from which the adopter has received the inter-country adoption service.

Section 4

The Board has a chairman, a vice-chairman and a necessary number of other members. Each member has personal deputy member.

Both the chairman and the vice-chairman shall represent the Ministry of Social Affairs and Health. At least one of the other members shall represent the Ministry of Foreign Affairs, one the Ministry of Justice and one the Directorate of Immigration. One member shall be an expert on municipal child welfare work and one an expert on social sector research and development. In addition, one

representative will be elected from each service provider which has been licensed to provide inter-country adoption service by the Ministry of Health and Welfare. What is provided above concerning members also apply to deputy members.

The majority of the members of the Board shall represent public authorities.

Section 5

The Council of State appoints the chairmen, the members and the deputy members for a five-year period at most. The Ministry of Social Affairs and Health appoints the secretary to the Board.

The chairman or vice-chairman of the Board and at least half of the other members constitute a quorum.

However, in matters relating to granting of a permission referred to in section 1(6), the Finnish Adoption Board also constitutes a quorum in the presence of the chairman or the vice-chairman and the expert on municipal child welfare work and the member representing the expertise on social sector research and development.

Section 6

Otherwise the regulations on state committees are applied to the Board.

Where necessary, the Ministry of Social Affairs and Health issues more detailed instructions to the Board.

Section 7

This Decree enters into force on July 1 1997.

This Decree repeals the earlier Decree (155/1985) on the Finnish Board of Inter-Country Adoption Affairs, issued on 8 February 1985 and later amendments.

When this Decree enters into force the appointed Board will continue its work until the end of its term. A member representing the Directorate of Immigration referred to in section 4 must, however, be appointed.
