Subject: Meeting Request Davos Tim Cook / Apple
Dear Commissioner,

Firstly, on behalf of Apple I would like to warmly congratulate you on your appointment. I wish you the best for your mandate.

Apple is keen to support the European Commission's efforts to promote sustainable growth, as well as to carry-out a fair and progressive taxation policy. Your role will be crucial in driving the EU through an uncertain global economic environment.

Apple CEO Tim Cook will be in Davos [REDACTED], and he would welcome the opportunity for an exchange of views on the policy priorities you intend to work on and to discuss how Apple can best contribute over the course of the mandate. If not in Davos, he would be happy to meet you [REDACTED] at your convenience. Thank you for considering,

Yours sincerely,
