Dear Commissioner Gentiloni,

Please find enclosed a congratulatory letter and a first meeting request for Davos, which our Chairwoman Gillian Tans will attend.

Booking.com strongly supports the agenda you have outlined, ensuring that future growth is sustainable on environmental and social levels. Our Chairwoman would be keen to exchange with you on these topics, discussing in particular the strong European framework needed to harness digital's potential for the wider economy and society and our sustainability initiatives.

Wishing you and your team a merry christmas!

Kind Regards,

[REDACTED]
