Dear [REDACTED] dear All,

Thanks; that would indeed be good for preparation. Maybe a time next week; eg Tuesday ?.

Also with [REDACTED], our [REDACTED].

We and the steel sector are now in a very deep crisis with no end foreseen yet; the short- and longer term recovery policy is crucial for us and our value chains. We would highly appreciate to discuss as main issues for this:

1. **Solutions to imports blocking short-term COVID recovery from EU industry, when it comes : e.g. effective Safeguards measures**
2. **Demand boost measures of the large steel value chains.**
3. **Enabling policy needed to allow investments in Europe and the business case to carbon neutrality, in this harsh European and international context; including the right effective Carbon Border Adjustment design and rules to roll out low carbon technology.**

The combined effective policy design choice will be key for our difficult investment decisions in the EU or outside; the discussion with you and the EVP will be key for that.

Kind regards,

[REDACTED]

[REDACTED] this is very busy time – EVP would be very much appreciate if you can first do the meeting with our responsible members of the team, I put them in copy. Then we can do with EVP later, we will check the availabilities.

Many thanks in advance for the understanding,

From: [REDACTED] <[\[REDACTED\]@arcelormittal.com](mailto:[REDACTED]@arcelormittal.com)>

[REDACTED]

Thanks again; coming back to your message, has it been possible to see options in the future agenda for the meeting between EVP Dombrovskis and Mr. Mittal, our CEO?

Kind regards,

Dear [REDACTED]

Would you already have news ? Mr. Mittal just asked if there was news for the meeting, as he regards it as very important.

Kind regards,

Subject: Investments decisions for the EU regarding Covid Recovery and Green Deal Re: WEF Davos meeting request Mr. Mittal - The needed business case of the carbon neutral investments and leadership

Dear [REDACTED] dear all,

I am coming back to the meeting date search as mentioned in your mail below between Mr. Mittal, CEO of ArcelorMittal and Executive Vice President Dombrovskis.

Also for ArcelorMittal and the steel sector, Covid-19 caused a devastating crisis. The input from Executive Vice President Dombrovskis regarding the needed EU policies for the Covid-19 Recovery will be very important for our investments decisions in Europe. This is why Mr. Mittal would highly appreciate to discuss this with him.

Main policy parts for this for us would be:

- solutions to imports blocking the recovery from EU industry, including the current talks on Safeguards ;
- demand boost options ; and
- enabling policy needed to allow investments to carbon neutrality in this harsh international context in Europe; including the right Carbon Border Adjustment design.

Would it be possible to find time options for this video confcall?

Kind regards,
