Attachments: Donor Agreement UN 752-2020_ECB (002).doc; IMEO_final draft to EC.docx

Dear Catharina,

In line with our discussion and my just dispatched message, I've attached the documents pertaining to EC support for the International Methane Emissions Observatory that UNEP would create and manage in partnership with others. Specifically, attached are a draft donor agreement and an annex that provides details about the initiative and what your contribution will allow us to achieve.

We look forward to your feedback and remain at your disposal should you need any additional information or clarification.

Best regards,

Mark
