Dear [REDACTED],

I hope that you continue to be well, fingers crossed we start to see the fruits of some of the measures that have been in place for some weeks now.

Further to our recent meeting and our intention to share more information with you, I wanted to draw your attention to a report prepared by Prof. Körber on the recent German competition proposals, prepared on behalf of Facebook.

A summary of the main findings in English can be found attached.

We have also noted a number of discussions recently devoted to a new 'tool' for market assessment. **I was wondering if you had some time in the coming days to discuss** how this could look and how our experience potentially of the discussion with the CMA on such tools could be of useful input.

Kind Regards,
