Dear ,

Thank you very much for getting back to me so quickly. 3PM on May 20 is perfect.

Given that [REDACTED] and I will call from different locations, I suggest using Webex. I will send a calendar invite and an email with the call details asap, and will keep you in the loop.

I wish you a great weekend in the meantime.

Kind regards,

I would be happy to arrange a 30-minute call with

I can send you a Skype invitation, or do you prefer another communication tool?

Subject: Catch up on DSA/Ex Ante Platform
Regulation

Dear [REDACTED],

I hope you are well.

Over the past few weeks, EVP Vestager and yourself have started to outline more publicly the EC's ambition when it comes to potential market regulation of online intermediaries. While we look forward to the content of the upcoming consultation on the matter and more technical engagement with the relevant units in DG CNECT and DG GROW, it would be very useful for us to better understand the political goals, the context and the high-level concerns that the EVP has with platform market players.

Would you have 30 minutes to discuss such plans in the coming days? This would be a good opportunity to discuss the DSA more broadly as well.

Kind regards,

[REDACTED]
